1980 was a turning point in american history when the year began it was still very much the 1970s with jimmy carter in the white house a sluggish economy marked by high inflation and the disco still riding the airwaves when it ended ronald reagan won the presidency in a landslide inaugurating a rightward turn in american politics and culture we still feel the effects of this tectonic shift today as even subsequent democratic administrations have offered neoliberal economic and social policies that owe more to reagan than to fdr or lbj to understand what the american public was thinking during this pivotal year we need to examine what they were reading listening to and watching 1980 america s pivotal year puts the news events of the era everything from the iran hostage crisis to the rise of televangelism into conversation with the year s popular culture separate chapters focus on the movies television shows songs and books that americans were talking about that year including both the biggest hits and some notable flops that failed to capture the shifting zeitgeist as he looks at the events that had americans glued to their screens from the miracle on ice to the mystery of who shot j r cultural historian jim cullen garners surprising insights about how americans attitudes were changing as they entered the 1980s praise for jim cullen s previous rutgers university press books informed and perceptive norman lear on those were the days why all in the family still matters jim cullen is one of the most acute cultural historians writing today louis p masur author of the sum of our dreams on martin scorsese and the american dream this is a terrific book fun and learned and provocative cullen provides an entertaining and thoughtful account of the ways that we remember and how this is influenced and directed by what we watch jerome de groot author of consuming history on from memory to history

the aba journal serves the legal profession qualified recipients are lawyers and judges law students law librarians and associate members of the american bar association

a recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics james wiley s book takes the next step from criticizing contemporary political theory to showing what a more politics

centered political theory would look like by exploring the meaning and value of politics in the writings of max weber carl schmitt paul ricoeur hannah arendt sheldon wolin claude lefort and ernesto laclau and chantal mouffe these political theorists all use the concept of the political to explain the value of politics and defend it from its detractors they represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought this book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory politics and the concept of the political will be a useful resource to general audiences as well as to specialists in political theory

new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea
